

SR290 Spiro
Spiro Compression Calf Sleeve

Sizes: **XS - XL**
Material: **70% nylon/30% elastane.**

Features

- Super soft, quick dry breathable fabric.
- Thin and lightweight to maximise heat emission.
- Graduated compression: 15-20mmHg.
- Seamless 360° knit.
- Relieves and prevents poor circulation, calf cramps, shin splints and general pain from sports.
- 360° compression around calf absorbs 'shockwave' effect on muscles, veins and joints.
- Increases circulation and reduces lactic acid build-up and muscle fatigue during exercise and running.
- Helps improve blood flow during air travel.
- Easy to pull on and off.
- Shaped to fit design, supporting body's natural angles.
- Tag free.
